

What's the Big Idea? Foundational Math for 3- to 6-year-olds

Workshop for California Early Math Project Symposium – 26 June 2020

Lisa M Ginet, EdD, Director

LGinet@Erikson.edu

Joanna Skourletos, MS, Facilitator & Research Fellow

J.Skourletos@Erikson.edu

- ◇ Let's do math!
 - What do you notice?
 - Which one doesn't belong? (wodb.ca)
- ◇ Some Big Ideas of Sets & Number
- ◇ Big Ideas in Action
 - Focus on the Child – “Sorting Rocks”
<https://earlymath.erikson.edu/sorting-rocks-with-child-31/>
 - Focus on the Lesson – “Feel for Shapes”
<https://earlymath.erikson.edu/feel-for-shapes/>
- ◇ Thinking about the Big Ideas
 - What makes an idea BIG?
 - Why use Big Ideas?

Check out our web-site!

<https://earlymath.erikson.edu/>

Jot down ideas you want to remember, questions & other thoughts circling in your head.
