

Piglet

Goal: Be the first player to reach 50.

You will need:

- 1 die

How to play:

- Piglet is a game for two or three people.
- The youngest person plays first.
- You can roll the dice as many times as you want during your turn.
- Add the numbers you roll. You must say your total score out loud each time you roll the dice. Keep track of the total amount.
 - If you roll a one, you lose all your points. On your next turn you will start at zero.
- You can hold (stop rolling the dice) anytime you want during your turn and keep the score you have when you decide to stop rolling the dice.
- The first player to get to 50 wins the game.
