Goal: Adding with dominos

You will need:

• You will need a set of double-six dominoes.
• A 0 to 12 number line.

How to play:

• Do this activity by yourself or with a partner.
• Place the dominoes on the number line according to their sums.
• Place the dominoes with a sum of one above the 1 and the dominoes with a sum of three above the 3, etc.

To think about:

• What do you notice?
