

Magnet Art

Goal:

Paint using magnets and metal objects

You will need:

- Magnets
- Springs
- Screws
- Washers
- Ball bearings
- Chain
- Other metal objects
- Poster paint and a paint container
- Large slotted spoon
- Paper
- Plexiglass sheet
- Objects to elevate the plexiglass sheet
- Paper Towels

What to do:

- Elevate a plexiglass sheet by placing it on top of several tall objects.
- Put a sheet of paper on top of the plexiglass.
- Pour paint into a container and dip metal objects into the paint.
- Remove the metal objects from the paint with the spoon.
- Place metal objects onto the paper gently.
- Use a magnet under the plexiglass to move the objects. This will spread the paint.
- Remove the metal objects from the paper when you are finished.
- Take your finished art off the plexiglass sheet.
- Let your artwork dry.
