

Snack Patterns

There are many types of patterns. Here are a few:

AB

AAB

ABC

ABB

ABBC

ABCD

Goal:

Create a pattern to eat.

You will need:

A bowl of multicolored crackers, a partner, a scoop, and two plates

What to do:

You and your partner will each need a plate. Place a scoop full of crackers on each plate. Arrange the crackers into a pattern. Take turns guessing and describing your partner's pattern. When you have described the pattern, eat your cracker pattern. Make another cracker pattern if you are still hungry!
