

Nest Making

What does it take to build a nest?

Goal: Build a bird's nest

You might use:

- Twigs
- String
- Straw
- Leaves
- Paper
- Grass
- Yarn
- Fabric
- Bark

What to do:

- Decide what type of nest you will build. Will your nest be big or small? What shape will it be? Where will your nest be located - in a tree, attached to a building, resting on the ground, hanging from a branch or somewhere else?
- Plan your nest - consider what types of materials you will use and how you will build it.
- Build the nest.
- Explain to another person how you made the nest and what types of birds might use this type of nest.
